

# FREE ACCREDITED ASTHMA EDUCATION

**Asthma in Australia: Practical solutions  
for challenges in primary care**

Register at [thinkgp.com.au/asthma](http://thinkgp.com.au/asthma)

**Accredited Learning Module (ALM)  
or six individual modules, covering:**

- 1** Introduction: Asthma basics
- 2** Partnering with your patients
- 3** Adjusting treatment and encouraging adherence
- 4** Preventative care to stop asthma flares
- 5** Paediatric asthma
- 6** Severe asthma

This ALM explores the patient impact of asthma and common challenges to providing optimal care in primary practice. Based on current Australian guidelines, the ALM covers best practice diagnostic and management principles, strategies for preventative care and reducing the risk of hospitalisation, and real-world tips for making the most of your consultation time with a patient.

*These activities are accredited for general practitioners with both the RACGP CPD program and the ACRRM PDP program. The ALM is an accredited CPD activity worth 40 RACGP CPD points or 6 ACRRM PDP hours. 1-hr modules completed outside of the ALM are worth 2 RACGP CPD points or 1 ACRRM PDP hour each. For nurses and other professions, you may be able to self-claim this activity via your CPD governing body.*

# REFER YOUR PATIENTS TO THE COACH PROGRAM<sup>®</sup>

## COACH REFERRAL SERVICE

This free telephone coaching and support service\* is available for patients with asthma.

The program aims to work with the referrer to achieve improved asthma control in patients by providing additional evidence-based asthma self-management education, support and goal setting.

The COACH Program<sup>®</sup> is available for patients aged 12 years and older with a confirmed asthma diagnosis.

## HOW TO REFER PATIENT

- 1 Download template
- 2 Complete
- 3 Send via fax or secure message

## REFERRAL TEMPLATES

Download at [asthma.org.au/referrals](https://asthma.org.au/referrals) OR

**Fax:** 07 3257 1080

**Message:** HealthLink - asthmaus / Medical-Objects - FA40060001U
